

Results, individual aggregates and debuts

Much research was needed to ascertain when players made their debuts. They are presented in one document for the first time.

Individual aggregates are shown for each season according to club tradition – 100 or more runs, 10 or more wickets and five or more catches and stumpings. Consult *GWLCC Results1.pdf* for more detailed scorecards including innings of 20 or more runs and returns of three or more wickets. League and Cup matches are designated as follows (all others were friendlies):
